## LA NOTTE DELLE STELLE

**Tuesday July 28<sup>th</sup> | Rossini Theatre**

**ALESSANDRA FERRI | HERMAN CORNEJO**

dancing with TOBIN DEL CUORE, CRAIG HALL, DANIEL PROIETTO

**EVOLUTION**

regional premiere

One of the brightest stardoms of the firmament of dance is the special guest of a night dedicated to her. We are talking about the great Alessandra Ferri, internationally recognised as one of the most important ballet dancer of our times, she will be at Civitanova Danza with Herman Cornejo in *Evolution*. To Alessandra Ferri - Person of the year Prize Danza&Danza 2014 - this coming back to the scenes has coincided with a total consciousness raising of her destiny as a dancer. Meaning being a dancer intimately in the heart as well as in the body and soul. From this necessity *Evolution* was born, a project that even from the title plays on a double track: that of the evolution of an art and that of the transformation of an artist. To accompany Alessandra Ferri in this new creative journey is Herman Cornejo, principal dancer of the American Ballet Theatre, who is more and more stimulated to follow her refined, artistic and interpretative research. Other dancers, artists coming from different backgrounds but deeply united by the same dance vision, are involved. With them Alessandra interprets a series of choreographies by significant and original authors of the present dance scene.
